DETAILED ACTION

1. The amendment filed on February 24, 2003 has been entered. Claims 13-54 are pending. Claims 14-18, 20-26, 28-37, and 39-41 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **with** traverse in Paper No. 9.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 13, 19, 21, 24, 27, 38 and 42-54 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bronsert et al. (WO 97/37397) in view of Koksang et al. (U.S. Patent 5,340,368) and Williams (U.S. Patent 5,523,118) for the reasons substantially set forth in paragraph 15 of the Office Action mailed August 19, 2002 (paper no. 10).

4. Bronsert et al. discloses that Lithium containing conducting salts such as LiPF₆ and LiAsF₆ can be used as solid electrolyte in the mixture in an amount of up to 10% by weight (see col. 10, lines 54-61). These conducting salts meet the requirements for the claimed inorganic solid which conducts Li ions.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
